Giftbox

Packaging Measurement (H * W * D)

Wine Breather: 20 cm * 18,4 cm * 18,4 cm

Wine Breather Deluxe: 19 cm * 21,5 cm * 21,5 cm

Care Instructions

The glass carafe can be washed in a dishwasher on a normal washing program. Use a cloth to dry afterwards. Do not use any cleaners with chemicals, solvents, or harsh abrasives.

With minimalist silhouettes and high functionality, the Bottle Series is all about finding beauty in simple things. Water and wine: these two drinks can bring much joy, and even more so when enjoyed with sleek glassware.

These useful pieces made from mouth-blown glass are now available in smoked glass. The clear series is timeless, while the new colourway brings a more contemporary look while maintaining the streamlined forms.

Wine Breather—For those who love a glass of red wine, the Wine Breather is the perfect object. It allows you to both enjoy a glass of wine via easy oxygenation, while also reducing waste by depositing the wine back into the bottle. The new smoked glass colour adds a modern look to the classic lines.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.
