PRODUCT FACT SHEET

HAY

SOFT EDGE 100/101 LOUNGE

DESIGN BY ISKOS-BERLIN, 2022

Iskos-Berlin's Soft Edge series features an organically shaped seat and back, blending strong curves with extreme lightness to create a minimalistic design that optimises human-centric comfort. The Soft Edge 100/101 Lounge Chair features the same distinctive seat contours as the rest of the family, but with a lower, wider design that is more conducive for relaxing or sitting for longer periods of time. Its steel base reinforces its light, uncluttered aesthetics, while its strength, stability, and comfort ensure years of everyday use in a wide range of public and private environments – from cafés, offices, and waiting areas to a home environment. Also available with an upholstered seat and in a fully upholstered version in a wide range of different fabric options.

HIGHLIGHTS

- Part of a family of dining chairs, bar stools, lounge chairs and stools with steel base or solid oak legs or polypropylene seat and back with steel base.
- Offers an ergonomic seating solution due to its increased level of back support.
- 3-dimensional form based on the latest developments in moulded plywood technique using ordinary plywood.
- EU Ecolabelled and FSC™ certified.
- A modest yet striking aesthetic profile.
- Compact and extremely comfortable.
- Variety of seat and base colours and finishes.
- Available in a wide variety of fabric and leather options.
- Stackable on floor up to 10 pcs. without upholstery | 6 pcs. with upholstery.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
