

DESK POSTMODERNE

Designer

Eric Jourdan

Technical characteristics

THE CONCEPT The Postmoderne collection by Eric Jourdan revolves around the language of shape and form. It is the drawing by pencil, the shifts and adjustments to proportion which constitute the design of the furniture.

This is seen in the balance of the tops and the staggered legs. In the light, asymmetrical appearance we rediscover the round form so dear to Eric Jourdan.

NIGHT CHEST Band in 1/4" - 8 mm multi-ply clad in natural oak, black-stained oak or walnut veneer. The feet (with matching veneer finish) incorporate a flat central metal reinforcement. Choice of eight finishes – see following page. TV UNIT Band in 1/4" - 8 mm multi-ply clad in natural oak, black-stained oak or walnut veneer.
