

## Void Mini

An extension of the Void series. The solid metal sheets are pressed, spun and braised to form a complicated double wall shade. They are then hand polished to a mirror finish before being applied with a lacquer to maintain the high gloss finish.

Process	Metal spinning and hand forming – Made from pure metal with a 5 part tool, the parts are pressed, spun and braised to form a complex double wall shade. They are then hand polished to create a mirror surface. The lacquer is applied so the surface maintains its high gloss finish.
