

Eames Elephant

Charles & Ray Eames, 1945

vitra.

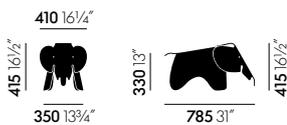

Eames Elephant

Charles and Ray Eames developed a toy elephant made of plywood in 1945. Manufactured in plastic, the Eames Elephant can now be enjoyed by the target group for which it was originally intended: children – whether as an indoor-outdoor toy or simply as an attractive object for a child's bedroom.

Materials

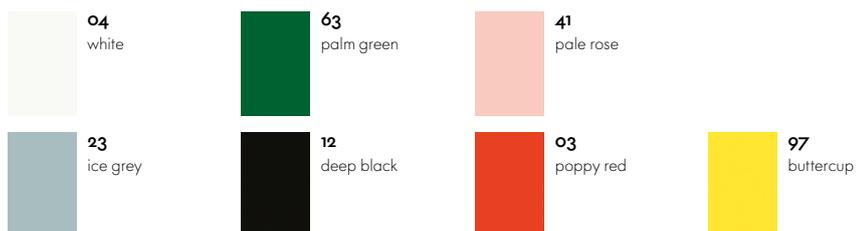

- **Material:** dyed-through polypropylene, matt finish.
