

PRODUCT DATA SHEET

Chlorophilia 2

DESIGN BY:

Ross Lovegrove

MATERIALS:

Methacrylate, technopolymer, aluminium

DESCRIPTION:

Chlorophilia, presented in 2015, define an optical and compositive principle which could be repeated multiplying the elements to create compositions, which develop in space on multiple levels or widen in lenght. Chlorophilia 2 doubles the transparent surface on two levels supporting even more the scenic presence of this suspension. Chlorophilia is a new project by Ross Lovegrove, who highlights once again the skill of Artemide in the light engine of the lighting body through his signature approach to organic and fluid forms. It is a highly scenic, yet light suspension appliance that, when switched on, unveils a contrast of delicate shades interacting with space and completing it. Its body contains a LED COB that works as a heatsink, as well as light phytomorphic elements made of moulded technopolymer, which combine the gently wavy texture with an uneven section that works as an optical lens. The suspended central body emits indirect light, which is filtered and refracted by three clear surfaces, whose natural shape recalls natural elements, leaves. These three elements are arranged in a sunburst display and partly overlapped to multiply the shadow contrast, thus generating a scenic effect on the ceiling, however combined with appropriate ambient lighting. Chlorophilia defines an optical and building principle, which can be reproduced by multiplying its elements to create compositions that develop on multiple levels in space or whose width is expanded. "An installation of optical leaves conceived as a fusion of natural and artificial geometries. The light becomes interactive through caustic projection onto the ceiling creating a delicate and feminine ethereal space expanding effect." Ross Lovegrove

PRODUCT CODE

1628110A

Light emission

Dimmable

TECHNICAL DATA SHEET

FEATURES

Product name:	Chlorophilia 2
Article Code:	1628110A
Colour:	Chrome
Material:	Methacrylate, technopolymer, aluminium
Series:	Design
Environment:	Indoor

OPTICS

Emission:	Indirect
-----------	----------

DIMENSIONS

Height:	cm 50
Diameter:	cm 78
Base Diameter:	cm 25
Max Height from ceiling:	cm 150

LAMPS INCLUDED

Category:	LED COB
Number:	1
Watt:	37W
Color temperature (K):	3000K
Class:	A

DIMENSIONS

COLOUR

LUMINAIR

Watt:	44W
Luminous Flux (lm):	3146lm
CCT:	3000K
Efficiency:	81%
Efficacy:	71.50lm/W
CRI:	90
Dimmable Typology:	Push
