Heracleum III Suspended

BERTJAN POT

Nature meets technology in Heracleum III Suspended by Bertjan Pot. This airy LED lamp is inspired by the flowering plant of the same name that can grow as high as 5 metres. The white leaves in Heracleum III Suspended ramify from one branch, creating a very technical, natural structure thanks to a technique of coating conductive layers called Electrosandwich by Marcel Wanders studio. Heracleum III Suspended comes in two sizes and four different colours. Compatible with our Wireless Wall Switch, for quick and easy dimming that gives you full control over the light output.

Detailing

The Heracleum III Suspended is powered by Electrosandwich, a coating of conductive layers on the branches that creates a clean silhouette.

WIDTH 103cm | 40.6"

HEIGHT 75cm | 29.5"

CUBAGE 0.8m^3 | 28.1ft^3

LENGTH 103cm | 40.6"

WEIGHT 10kg | 22.05lbs

Technical CCC

MATERIAL

Metal wire frame, polycarbonate lenses, ultra thin suspension wire

LIGHTSOURCE TYPE
LED

LIGHTSOURCE INCLUDED
Yes

NUMBER OF LIGHTSOURCES
63

INPUT VOLTAGE
120-250

FREQUENCY
50/60

MAX POWER CONSUMPTION
21W

LAMPHOLDER
LED (Solid state)

LIFETIME
50000 hours

CABLE COLOUR
Transparent with tinned cores

CABLE LENGTH
400cm | 157.5"; 1000cm | 393.7"

CANOPY
Pebble III Green Coated, ABS

CHROM X
0.46

CHROM Y
0.4

COLOUR TEMPERATURE
2600 K

CRI
91

LIGHT DIRECTION
All directions

LIGHT OUTPUT
1687 lm

DIMMING & LIGHTING CONTROL
DALI dt6, Push / Pulse dim on Line Voltage, Wireless Wall Switch

See last page for more information about the dimming possibilities.

Dimming & Lighting Control

DALI dt6

The luminaire is dimmable by integrating it into a DALI network. This is an universal and professional standard in home automation systems with endless control possibilities and ease. We advise to hire a professional to integrate the luminaire into your DALI network.

Compatible models: Large CCC, Large CE, Large cULus, Small CCC, Small CE, Small cULus

Push / Pulse dim on Line Voltage

The luminaire is dimmable by using an external momentary switch or pushbutton switch. The switch is usually mounted on an existing wall socket. In some cases a Phase or Control wire needs to be added to your home's wiring. The switch should be suitable for use with line voltage and of the type 'normal off - momentary on'. The luminaire dims perfectly when the switch makes and holds contact. A short press switches between on and off.

Compatible models: Large CCC, Large CE, Large cULus, Small CCC, Small CE, Small cULus

Wireless Wall Switch

With our Wireless Wall Switch, you'll have full control over your Moooi lighting design with one touch. Our Wireless Wall Switch comprises two components, a wall switch and radio device to put in the canopy of your Moooi lighting design. The wall switch can be integrated in System 55 or Decora style wall switches. The Wireless Wall Switch communicates via Bluetooth with the radio device in the luminaires canopy. Within moments you can enjoy full and fluent dimming, all the way to dark.

Compatible models: Large CCC, Large CE, Large cULus, Small CCC, Small CE, Small cULus
