

Aplomb mini, suspension design Lucidi e Pevere 2015

FOSCARINI

Born from the desire to use rough concrete, typical of large modern buildings, to create a light object in slender, refined forms, the Aplomb lamp has been hugely successful ever since its inception. A special concrete formula which can be poured into slender moulds has produced an elegant and inimitable product, not simply in its characteristic upturned funnel shape but also in its surface material which is both rough and delicate to the touch. By using the same material, Foscarini proposes an even smaller version of the original suspension Aplomb lamp, which can be

used alone or together with the matching larger model at home or in contract settings, over tables, work tops or islands. Aplomb mini is also made in three colours for endless combinations and contexts: grey, white and brown.

Aplomb mini, suspension technical info

FOSCARINI

Description

Suspension lamp with direct light. Cement diffuser, consisting off a special amalgam colored with pigments, produced by pouring the fluid mixture into a mould rose with galvanized metal bracket and batch-dyed ABS cover. Black electrical cable and black canopy for the brown and grey version, white cable and canopy for the white version. Canopy decentralisation kit - multiple canopy available (up to 9 suspension lamps).

Aplomb mini, suspension multiple composition

FOSCARINI

Description

A technical solution that couples function with design harmony: The multiple ceiling flange of Foscarini makes it possible to create compositions up to 9 suspension lamps to create cascades of light of high emotional impact, particularly suitable to enrich a stair case. The standard multiple flange is designed to suit a large number of suspensions from both Foscarini and Diesel with Foscarini collections.

FOSCARINI

Lucidi e Pevere

Paolo Lucidi and Luca Pevere got together at well-known design offices in Milan. In 2002 they signed their first commissions together and, in 2006, establish Studio Lucidi & Pevere in Milan. These days, Studio Lucidi & Pevere is based in Udine and still undertakes industrial design work for internationally renowned companies, belonging to a large number of different sectors.
