

SPRING SMALL

Spring is a series of three pendant lamps made up of stainless-steel strips. Pliant ribbons of stainless steel have been arranged like a whisk around our custom-made dimmable Tom Dixon LED ring. The semi-transparent shape thus created can be adjusted to a variety of silhouettes - from a flat arrangement reminiscent of a spirograph drawing, to a flying saucer configuration, and on to a fuller shape akin to a pumpkin. The shades are made from multiple bands of high-performance spring steel plated in an attractive white or brass finish. The nature of the spiral design allows the voluminous shades to be easily flat-packed for transportation.

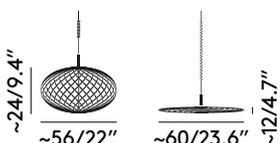

SPRING PENDANT SMALL WHITE EU

Code
