

Cité

Jean Prouvé, 1930

vitra.

Cité

Designed for a competition to furnish the student residence halls at the Cité Universitaire in Nancy, the Cité armchair is one of Jean Prouvé's early masterpieces. Prouvé himself used this dynamic looking armchair – with distinctive runners made of powder-coated sheet steel and broad leather belts for armrests – in the living room of his own home. Generous dimensions and inviting upholstery

contribute to the great comfort of Cité.

Materials

- **Cover:** seat and backrest with a continuous cover in fabric or leather.
- **Upholstery:** neck cushion in polyurethane foam, height-adjustable.
- **Base:** bent sheet steel, powder-coated finish (smooth).
- **Glides:** fitted with plastic glides for carpet; felt glides for hard floors optionally available.
