

Bookworm Ron Arad 1994

An artist creativity combined with a great company's technology gives life to a bookcase design of industrial scale that can rightfully be considered the world's most daring and revolutionary: Bookworm, the flexible bookshelf. A careful analysis of extrusion technology has allowed the creation of a curvy bookcase which assumes any desired shape, without compromising toughness and functionality. Unlimited shapes can be formed, limited only by personal creativity.

Available in three different lengths, Bookworm is marked by a series of bookend supports. Bookworm combines flexibility and superior durability allowing for a load of around 10 kg for each support. It is advisable to wall-mount the shelf in a curved shape to keep the materials in tension and to increase resistance once loaded.

8003 / 8005 / 8008

Mat

1A/aluminium

03/white

Opaline

09/black

C4/cobalt

C8/wine red

	width	height	depth	weight kg.
8003 short bookshelf 7 bookends 	320	19	20	6,200
8005 medium bookshelf 11 bookends 	520	19	20	9,800
8008 long bookshelf 17 bookends 	820	19	20	15,000

Material

Batch-dyed fire-retardant PVC

packaging	quantity	weight kg.	volume m ³
